Cypress Soaring 1-34 Pre-Flight Checklist

INICTALL DATTEDY Charlefor nower												$\neg \neg$	
INSTALL BATTERY— Check for power										-		\vdash	
AIR VENT— Clear						\vdash				-	\vdash	\longrightarrow	
PITOT TUBE — Clear												\longrightarrow	
STATIC PORTS— Clear												\longrightarrow	
CANOPY & LATCH— Operative												\longrightarrow	
CANOPY RESTRAINT CABLE — Secure						<u> </u>						\longrightarrow	
CERTIFICATES— Airworthiness, registration & placards in cockp	it					\square					Ш	<u> </u>	
CONTROLS— Free & operative													
DIVEBRAKES— Proper operation													
BRAKE— Test													
ELEVATOR TRIM— Operative													
TOW RELEASE— Check cable & operation													
BALLAST— Inspect & calculate wt. & bal.													
ALTIMETER— Set													
VARIOMETER— Operative													
AIRSPEED INDICATOR— Operative, check static line drain													
COCKPIT— Check for loose objects													
SEAT BELTS/SHOULDER HARNESSES— Condition & secured													
SEAT BACK & HEAD REST ADJUSTMENT - Position & secured													
RUDDER PEDALS – Adjust												$\overline{}$	
WING FAIRING- Secured												$\overline{}$	
WING PINS— Two, installed & safety pinned												-	
AILERON CONNECTIONS— Safety pinned												-	
DIVEBRAKE CONNECTIONS— Safety pinned												-	
TOW HOOK — Condition												$\overline{}$	
SKID— Condition												$\overline{}$	
WHEEL WELL & TIRE— Condition & pressure (31 psi)												-	
LEFT WING— Leading edge, condition, conformity										-		$\overline{}$	
TIP WHEEL— Condition										-		$\overline{}$	
												$\overline{}$	
AILERON HINGES, CONTROL ROD— Secure												$\overline{}$	
DIVEBRAKE HINGES, CONTROL ROD— Secure										-	-	$\overline{}$	
LEFT FUSELAGE — Conformity										-	-	$\overline{}$	
VERTICAL STABILIZER & RUDDER — Conformity & fabric												\vdash	
RUDDER HINGES— Secure												\vdash	
HORIZONTAL STABILIZER— Conformity						\vdash				-		\longrightarrow	
HORIZONTAL STABILIZER BOLTS— Secure & safetied						\vdash						\vdash	
CONTROL CABLES — Remove cover & inspect, replace cover												\vdash	
ELEVATOR HINGES — Secure												\longrightarrow	
TAIL WHEEL— Condition						\vdash			<u> </u>			\longrightarrow	
RIGHT FUSELAGE— Conformity												\longrightarrow	
RIGHT DIVEBRAKE HINGES, CONTROL ROD — Secure												\sqcup	
AILERON HINGES, CONTROL ROD— Secure												\square	
TIP WHEEL— Condition													
RIGHT WING— Leading edge, conformity													
CANOPY HINGES— Condition & secured													
POSITIVE CONTROL CHECK													
WASH AIRCRAFT
