Some of these risks include pilot error, weather conditions, negligent actions by other pilots, mechanical failure of the aircraft (even though inspected regularly), and your own existing physical condition, which may be affected by altitude and/or dizziness.

I have read and understand the above risks, and hereby release Cypress Soaring, Inc., its officers, flight instructors and members, and the pilot in command of the aircraft from all liabilities and responsibilities for any personal injuries or damages to personal property, should any such injuries or damages arise out of the operation or occupancy of any equipment owned and/or operated by Cypress Soaring, Inc., .
